DEMPTOS GLASS ADDS NEW 750ML STRADA BOTTLE TO ITS PRODUCT LINE

Responding to requests from clients and conditions in the global market place Demptos Glass, of Fairfield California, has added a new 750 ML Strada bottle to its extensive of line of quality wine bottles.

According to David Schwandt, director of sales and marketing for Demptos Glass, “This new bottle is being produced in North America so that it’s competitively priced under similar bottles manufactured in France and Italy, yet it possesses the same heavy look and feel associated with the European glass manufacturers. Early interest in the bottle is running high and we already have numerous orders from wineries in the region.”

The new Strada bottle is antique in color, weighs 868 grams and is 305.6 mm high. It measures 85mm in diameter at the shoulder and 32mm in finish diameter.

Demptos Glass is a principal supplier of bottles and other forms of packaging to the wine industry. Founded in 1982, the company does business with hundreds of wineries on the West Coast. Demptos Glass is an affiliate of Saxco International, Inc., of Horsham, PA, long-time packaging specialists for the wine and spirits industry. The company is headquartered at 2300 Cordelia Road, Fairfield, California, 94534. It can be reached at 707-422-9999 or via email at info@demptos.com. Also, visit www.demptos.com for more information on Strada and other wine bottles.
